THE ORIGIN OF A FAMOUS POEM.

Mr. James E. Murdoch, a veteran actor, recently related this story to a party of Philadelphia friends:

"Some time ago I was at a meeting of a society of which Dr. Oliver Wendell Holmes is an influential member. Upon the evening of my attendance a discussion arose amongst several of the party, including Dr. Holmes, in regard to the themes upon which a poet usually writes, the general opinion being that the poetic field is limited. 'I believe for want of a better subject I could write a poem on a basket of chips.' The other men doubted this assertion, and one said, speaking for the party, 'Well, I tell you what we will do. There is that old chaise that has been down at the wheelwright's shop for many a year. If you can write a poem on that we will become converted to your idea.' Dr. Holmes accepted the challenge, and at the next meeting of the club he read to the astonished members the 'Deacon's Masterpiece; or 'The Wonderful One Hoss Shay.'"

POVERTY and discontent in Germany have driven the government to adopt the principle of paternal socialism. Laws looking to the relief and protection of the working people have been framed and adopted, and are as fast as practicable being put into execution. These provide for insurances of all kinds, regular relief to widows and aged persons, and, in fact, for all dependents. This step by Germany, the strongest of the European powers, is likely to be followed by others, and a few years may see the principle spread throughout the continent.

MRS. FERRY, the wife of the Tacoma capitalist, who created such a sensation in Paris, has returned to the Pacific coast. She indignantly denies that she bit off her husband's nose in that famous scrimmage. Mr. Ferry says she did, and it is to be presumed he knows.

$1.50 For a good strongly made Child's Suit, ages 4 to 13, is what you can find at Friend's Enterprise Clothing House, 26 Calhoun street.

LONDON HORROR STRICKEN

Another Whitechapel Murder Committed in the Great Metropolis—The Body of the Victim Found.

LONDON, Sept. 10.—At half past 5 o'clock this morning a policeman found the body of an abandoned woman lying in a corner of a railway arch spanning Cable street, in Whitechapel. Examination of the body showed that the head and legs had been cut off and carried way, and the stomach ripped open, leaving the bowels lying upon the ground. The police authorities immediately placed a cordon of officers around the spot but no arrests were made.

A policeman passed the place where the body was found every fifteen minutes throughout the night and saw nothing to arouse his suspicions. Physicians who examined the body believes that the murder occupied nearly an hour and it is surmised that the murderer carried the head and legs away in a bag.

The murder is the most horrible of the whole Whitechapel series. The disection of the body showed that the perpetrator possessed considerable surgical skill.

The murdered woman was about thirty years of age and was evidently addicted to excessive use of spiritous liquors. Her clothing was shabby. As yet she has not been identified.

The murder has created tremendous excitement and a large crowd of agitated humanity surrounds the morgue, whither the body was taken. Further examination reveals the fact that there was no blood on the ground where the body was found, nor was there any indication of a struggle. This confirms the general belief that the woman was murdered in a house and her body taken to the spot where it was discovered.

The trunk was nude, and a torn and bloody chemise was lying near it. Experts are of the opinion that the woman was killed two days ago. Three sailors were, subsequent to the discovery of the body, found sleeping in the adjoining arch. They were arrested, but they convinced the police that they had neither seen nor heard anything of the murder or the body lying near them, and were discharged.

THE HIGH BINDERS.

Affairs in Chinatown Are Becoming Critical.

SAN FRANCISCO, Cal., Sept. 10.—Owing to the congregation of High Binders in Chinatown, affairs in that quarter have become critical. For the past two weeks four policemen of the regular force have been stationed nightly on or about the stage of a chinese theater, to prevent a general raid and demolition of the place by High Binders.

It appears that after the High Binder murder, which occured a short time ago, A. L. Kee, manager of the theatre, was asked to offer a reward for the murderer's arrest. He refused to do this, claiming he had no special interest in the affair. Threats were made by the High Binders that they would clean out the place and on several nights trouble seemed imminent.

Chinese toughs demanded free admission to the theater, and threatened if not given it, they would raise a row. These characters can not be arrested and convicted as vagrants, as the police can not keep track of them for ten days, as required by law, and they remain practically secure. It is computed that there are fully 3,000 well known High Binders now living in Chinatown.

CUT TO PIECES.

A Fatal Railroad Accident at Lima, Ohio, This Morning.

LIMA, O., Sept. 10.—A Chicago and Atlantic passenger train struck Charley Weaver at the Main street crossing, in this city, this morning, and cut him into a dozen pieces.

Who Can Vote.

SANTA FE, N. M., Sept. 10.—The time of the state convention yesterday was occupied in discussing articles presented by the committee on executive affairs. A constitutional provision that five years after the adoption of the constitution no person unable to read or write the English language, shall exercise the right of suffrage, was offered and was referred to the committee on election franchise.

Colored Ministers Mistreated.

BRUNSWICK, Ga., Sept. 10.—It was reported here last night that six negro preachers en route to Cincinnati, were taken from the ladies coach on a north bound East Tennessee, Virginia and Georgia train at Baxley, Ga., yesterday morning and badly beaten for having refused to go into a second class coach when asked to do so.

BROKE JAIL.

Two Convicts Escape at Joliet, Ill.—Other Telegraphic News.

JOLIET, Ill., Sept. 10.—Edward Stone, a burglar sent up for eight years from Morrison, and Henry Miller, sent up for two years from Waukegan, escaped from Joliet prison last night. A reward of $100 is offered for the recapture of the men, and a large force of prison officials are out after them.

DECATUR, Ill., Sept. 10.—Powers' grand opera house, which cost $100,000, and is the finest place of amusement in the state outside of Chicago, was formally opened last night.

BISMARCK, N. D., Sept. 10.—The discovery made yesterday of a bed of rock salt in this county, has occasioned no little excitement, and prospectors are preparing for an early start toward the field where the discovery is supposed to have been made. The bed was found by Charles Chamberlain, a farmer, and he says the supply is inexhaustible.

WABASH, Ind., Sept. 10.—Upon indictment returned by the grand jury, the sheriff during the last two days days has arrested eleven men on the charge of riot and conspiracy. The men are charged with the "White Cap" outrage in which Mrs. Asenth Street and her daughter were taken from their beds at midnight and whipped. Most of the prisoners are influential men and the head of families.

CHARLESTON, W. Va., Sept. 10.—Elizin Hatfield, who confessed the murder of the girl Alfaro McCoy last New Years night, in Logan county, this state, and on his confession was adjudged guilty of murder in the first degree, has been sentenced to be hanged Tuesday, Dec. 3, next.

CHICAGO, Sept. 10.—Tony Delight, the barber evangelist and one of the best known men in Chicago, died last night at his residence, 791 Warren avenue, from an affection of the heart.

NEW YORK, Sept. 10.—Gabe S. Caldwell, the well known starter on Brighton Beach and Clifton race tracks, is lying seriously ill at the Clifton hotel, Clifton, N. J. He has been in bad health for some time. Last week he had hemorrhages from the lungs. It was stated today that he had resigned his position as starter, but his friends deny this.

LANSING, Mich., Sept. 10.—The limited express which left Chicago yesterday afternoon at 2:35 was wrecked about one-half mile east of this city last evening by running into the rear of a freight train standing on a siding. No person was injured.

NEW YORK, Sept. 10.—The trial of Henry S. Ives for fraudulent issuing a certain numbers of Cincinnati, Hamilton and Dayton railroad stock certificates was begun to-day.

BUFFALO, N. Y., Sept. 10.—The national Polish alliance convened in eighth annual session in St. Addelbous school house at East Buffalo, this morning. About one hundred and fifty delegates are present from all points of the country.

WORCESTER, Mass., Sept. 10.—Last night Joe Hulburt, of this city, defeated J. J. Bagley, of Boston, in a Graceo-Roman wrestling match for $200 a side. Hulburt won two falls out of three.

BALTIMORE, Md., Sept. 11.—The great council of the Improved order of Red Men met to-day. The meeting opened with a "Long talk" by the "Great Incopohence," Thos. J. Frances, of New Jersey.

LANCASTER, Pa., Sept. 10.—Samuel H. Reynolds died here this morning, aged 79. He was president of the People's National band and for many years a prominent leader of the Lancaster bar.

TOMPKINSVILLE, S. I., Sept. 10.—Shortly after 10 o'clock this morning the 9:30 o'clock train from Perith Amboy to St. George, running at a rapid rate just behind a South Beach train and crashed into the latter on the bridge between Tompkinsville and the station. The rear car of the South Beach train was full of passengers. Three of them were injured.

THE ILLINOIS MINERS.

They Refuse to Accept Mr. Scott's Terms.

SPRING VALLEY, Ill., Sept. 10.—The miners positively refuse Mr. Scott's terms. They passed resolutions yesterday calling on the governor to make a personal inspection of their condition and the justice of their demands and ask him to use the state emergency fund in their behalf. They also ask him to call an extra session of the legislature.

Mr. F. M. Berkey, of Kansas City, Mo., is in the city, the guest of his sister, Mrs. O. G. Hutchinson, at 296 West Main street.

NEARING DEATH!

Congressman Cox Slowly Sinking—His Death May Occur at Any Moment.

NEW YORK, Sept. 10.—At 9 o'clock this morning the doctors reported no change in the condition of Congressman Cox. He was still very low and the doctors stated that he was likely to die at any moment.

Shortly after nine o'clock Mr. Cox's condition changed for the worse and Dr. Lockwood, the attending physician, immediately sent for the other doctors, who have been in consultation with him since Mr. Cox was taken ill. They arrived promptly. Soon after the patient rallied and asked for something to eat. He was given some broth of which he took a very little.

At this hour, 1 o'clock, he is very low and his death is momentarily expected. Many telegrams of sympathy have been received from prominent people all over the country. Mrs. Cox is prostrated with grief.

At noon the patient had a very bad sinking spell and at the time those about him thought he was dead, but later he rallied a little and he was given a hypodermic injection.

APPALLING SUFFERING.

The Destitution Among the Families of the London Strikers.

LONDON, Sept 10.—The destitution on the east end of London among the families of the striking dockers is something appalling. Many of the women and children have been for whole days without food and all the relief afforded by the charitably disposed scarcely makes an impression upon the distress, so great is its extent.

During the first days of the great strike the wives of the men managed to get an occasional meal for themselves and their children by taking their few household goods piece by piece and their clothing to the pawn brokers' shop. But there are few now who have anything left to pawn. The shopmen have long ago been forced to refuse all credit and as a result these poor unfortunates are dependent solely upon charity for subsistence.

Notwithstanding their deplorable condition the dockers' wives are quite as determined as their husbands in fighting their fight against their employers to the bitter end, and it is even said by those living among these people that the strike would have been over a week ago, and the men would have gone to work at the masters' terms, but for the persistent obstinacy of the women who preferred to suffer the pangs of hunger rather than permit their husbands to submit to defeat.

Cardinal Manning will address the strike committee this evening in a supreme effort to effect a settlement of the difference between the men and their employers.

A meeting of the striking workmen was held at Tower Hall to-day. Mr. Tillett, one of the leaders of the strike and the founder of the dock laborers union, addressed the strikers.

Many members of the Corn exchange have signed a petition asking the home office to put a stop to the intimidation by strikers of men who are willing to work.

ANTWERP, Sept. 10.—The service of the Red Star Line of steamers between this port, New York and Philadelphia will in no way be interrupted by the recent explosion and fire here.

LONDON, Sept. 10.—The people of Melbourne, Australia, have sent £10,000 as a contribution to the relief fund of the London strikers.

BERLIN, Sept. 10.—The *National Zurtung* assert that the Czar will pay a visit to Berlin after the army manovures in September.

Johnstown Thrift.

JOHNSTOWN, Pa., Sept. 10.—A new business directory of Johnstown and surrounding boroughs contains the names of over five hundred business and professional men. It also shows that there are now thirty-six grocery stores and fifty-one saloons open in the place.

A complete list of the dead in Cambria borough has been made by Mail Carrier Brudges, and he finds that there were 324 people drowned in the flood.

Fatally Shot.

CHICAGO, Ill., Sept. 10.—Wm. Falk, a press feeder, living on state street, near Van Buren, was shot and fatally wounded at 11-45 o'clock, last night, by Edward Sullivan, a fellow workman. The shooting occurred in the yard in the rear of Henry Benwald's saloon, 134 Herman street, and was the culmination of an old feud between the two men. Sullivan was arrested at 2 o'clock this morning.

THE MORMON TERRITORY.

Democrats and Republicans Firmly United in Resisting the Common Enemy.

Colonel R. S. Robertson, of the Utah commission, accompanied by his wife, is in the city, and registered at the New Denison, says the Indianapolis *Journal* of to-day.

The Colonel has been away from Utah Territory about two weeks, he leaving it just after his board had completed its business in connection with the August elections. The commissioners attend to all the registration and canvassing of votes.

"The Mormons," said the colonel, "have about seven-eights majority. In fact, the only politics in the territory is Mormon and anti-Mormon. The former form what is called the People's party, and the latter go under the name of Liberals. Democrats and republicans are united against the common enemy, and share equally the responsibility of party work and service.

"They move along harmoniously, much more so than factions in a party do in the East. The Liberal committee has a Democrat at the head, and the other members are equally Republicans and Democrats. In the general election, recently, the Liberals carried Salt Lake City, and at a jollification meeting a Democrat presided and made the first speech. Then came a Republican, and after him a Democrat, and again a Republican, and so on until the meeting closed."

The colonel continued by talking about statehood and said the people were as much opposed to it as they were to the Mormons.

"The gentiles are advancing there, are they not?"

"It is only a question of time when Mormonism must submit, but it is tenacious. The masses of the Mormons are sincere in their belief, and when one of the broader minded and educated men becomes wavering he is immediately promoted. After that he is as fanatical as the rest of them. Polygamy is only a secondary question. Civilization would attend to that and destroy it, but over all is the absolutism of theocracy. That will resist to the last."

COONEY THE FOX.

The Police Have the Criminal Where They Want Him.

CHICAGO, Sept. 10.—The police authorities were more than usually confident, not to say jubilant, last night anent the Cronin case. Evidently their efforts in some direction had been greatly successful. What it was that pleased them they would not say, but it might be surmised with confidence that they at last had "Cooney the Fox" just where they wanted him. It is even hinted by one man in a position to give a good guess as to what had been done that he was locked up in an out of the way police station.

OIL GOES UP!

A Flurry in the Oil Market at New York.

NEW YORK, Sept. 10.—There was a flurry in the petroleum market on the consolidated exchange to-day. The price of oil advanced to $1.02¼ because of an official report of a decrease in stock of 1,000,000 barrels as well as large decrease in outstanding certificates. It was thought for a while that the dealers who were short of oil would be caught in the squeeze, but later in the day a portion of the advance was lost and the impending corner was averted.

Thrown Out of Work.

BRIDGEPORT, Conn., Sept. 10.—Taylor's bustle manufactury, where about 600 girls have been employed, shut down Saturday night. The suspension is likely to be indefinite from the fact it is said, that the bustle has gone so largely out of fashion that comparatively no demand for it remains.

The transcript in the state oil inspectorship contest, in which Judge Howland, of the circuit court, rendered a decision on Saturday, was filed yesterday in the supreme court, and it is expected that the question will be finally settled within a month or six weeks. A. J. Beveridge, the attorney for Dr. Yancey, claims that it was to his client's advantage for Judge Howland to render a decision against him, inasmuch as that enables Yancey to take the case immediately to the supreme court; whereas, if the case had gone against Yancey, the defendant would have been very slow in taking it to the upper court, Mr. Hyde, in the meantime, holding on to the office.

TIDAL WAVE PLAYS HAVOC

Coney Island, the Scene of Wreck and Desolation and Submerged With Water.

NEW YORK, Sept. 10.—Coney Island to-day is a scene of wreck and desolation. Nearly one-half of the island, east of the iron piers, is now submerged and the high tide and heavy surf are playing sad havoc with the remaining portion.

The greatest tide that has ever been experienced, struck the island at 6 o'clock this morning and increased in volume and fury long past 8 o'clock. Consternation reigned supreme every where. There is even now not a strip of beach to be seen on the island.

Water is pouring in volumes underneath the Manhattan hotel. The great waves are dashing against the music stand and it bids fair to go down before the day is over. The concrete walk directly in front of the big building has been undermined and carried away and every breaker carries tons upon tons of water beneath the building. It looked to-day as if it was doomed. The bulkhead has been torn up and rent asunder. The cellar of the hotel at 7 o'clock today was three feet deep with water and it was still pouring in.

The little strip of land between Brighton and Manhattan has been swept away and the ocean and Sheepshead bay is connected by fully five feet of water extending to Sheepshead. The Manhattan and Oriental hotel stand by themselves on a little island that is fast being eaten up. The mammoth bathing pavillion belonging to Manhattan beach is being beaten down by the thundering waves. The old Marine railway structure was carried away early to-day and was taken with an awful crash over the new Marine railway, fully 300 feet in land, carrying the latter away bodily and overturning and smashing cars like kindling wood.

The old Brighton Beach bathing pavillion followed it with a deafening crash, and the driftwood, carried with lightning rapidity and herculean force against the new bath house, tearing part of that away.

The Brighton Beach hotel is surrounded by over two feet of water, which extends as far as Sheapshead bay. Fully one hundred feet of the town in front of the hotel has been eaten away since last night, and from indications early to-day, it will all be gone before night.

The Brighton Beach railroad is submerged. No trains are running. The angry waters dashed against Seidel's music stand, each wave tearing away great chunks of it at every burst. All efforts to save the structure have been abandoned. The little children's society cottage, near the music stand, has given way. The waves are breaking under the elevated railroad station and fears are entertained for its safety. Brighton Beach is nearly all under water and is separated from Kearn's hotel by five feet of water.

There is consternation everywhere. No such tide has ever been experieneed in the history of the island. The great tidal wave made its first appearance at precisely 6 o'clock to-day. The wind was blowing a hurricane off shore. As the morning advanced the hurricane increased to a perfect cyclone. Following the first great tidal wave, the gigantic swells came swaying and rolling in in rapid succession.

JERSEY CITY, N. J., Sept. 10.—The unusually higb tide here rose far above some of the docks located between the Pennsylvania railroad and the Delaware, Lackawanna and Western. On Peronia avenue, the thoroughfare leading from the ferry, the water was two feet deep and extended beyond the Erie's train sheds. The water was over the wheels of the horse cars, and passengers were landed by means of temporary bridges. The entire Erie freight yard was entirely submerged, and thousands of barrels of flour are reported damaged.

NEW YORK, Sept. 11.—The damage by the storm along the water from here has been very great. Along South street and West street nearly all the cellars have been flooded and goods destroyed in many of the warehouses.

It is reported that the wires are all down at Sandy Hook and that telegraphic communication with that point has been cut off. The landing stage at Castle Garden is almost completely submerged, a state of affairs that was never known to have existed before.

Rockaway beach was strewn from one end to the other with a mass of drift and large amount of destruction has been done. It is feard that further and more serious damage will be done to-night when the tide is high.

E. A. E. HACKETT, Editor and Proprietor.

TUESDAY, SEPT. 10, 1889.

THE weekly trade review of R. G. Dun & Co., discloses an improvement in almost every department of business throughout the country.

IT IS encouraging to read the declaration of principles set forth by the democrats of South Dakota in relation to the tariff. They are keeping up with the procession.

THE pope has abandoned the idea of leaving Rome, the German government having mediated in his behalf and assured him that in the event of a war Italy would strictly respect his position.

THE Washington friends of Mrs. James G. Blaine, jr., say that her determination to not go on the stage after many months of preparation is the result of overtures from Mrs. Blaine's husband, which will result in a reconciliation and the coming together of the husband and wife.

PRINCE BISMARCK is suffering from inflammation of the veins. This is the outcome of his refusal to obey his physicians. They forbade him to drink wine or beer or to smoke cigars. With Montaigne's contempt for the advice of doctors, he continues his usual habits and the result has proved disastrous.

CONGRESSMAN CARLISLE thinks that the rapid growth of the tariff reform idea points to the renomination of Mr. Cleveland in 1892, but, if Governor Hill enters the race and makes a fight against Mr. Cleveland in the convention, it is the opinion of Mr. Carlisle that the candidate will come from ouside of New York.

MRS. JOHN A. LOGAN has returned from the west. At present she is interested in the organization of a stock company with $50,000 capital for the establishment of a central training home where American and foreign girls will be received and cared for, and she is very enthusiastic over the prospects of success.

THE immense natural gas well just drilled in at Upper Sandusky, measuring 47,000,000 cubic feet, isn't encouraging to the argument that natural gas is petering out. Northwestern Ohio is a wonderfully extensive gas field, and some day the yield will be utilized to make strong and vigorous communities of every city and town in this section. Nature provides it and the people are bound to receive the fullest and the freest benefits from the development.

THIS paragraph, from the Philadelphia *Record*, is in line with the sentiments expressed in the Ohio democratic platform: Trusts can be organized, without the assistance of protective tariffs, wherever opportunity may be offered for a combination of aggregated greed and money. But protective tariffs invite the formation of trusts by the offer of legalized bounties and premiums to their promoters. Many trusts would be impossible if the government were not a party to the conspiracy against the public welfare.

AMONG the papers which will be read at the coming Catholic congress, are, "Catholic Congresses," John Gilmary Shea, L. D. D., New York. "Lay Action in the Church," Major H. F. Browson, Detroit, Mich. "The Papacy," Charles A. Bonaparte, Baltimore, Md. "Catholic Press," George D. Wolff, Philadelphia, Pa. "Historical Paper," Richard H. Clarke, L. L. D., New York. "Catholic Literature," Maurice F. THE latest time saving device is the lightning postage indicator. Many persons have been frequently put out to find the rates on different classes of mail matter of various weights and have vexed their brain with computation. The device is a card attached to the beam of a postoffice scale. As the mail matter is weighed the card indicates the necessary amount of postage in cents. It is so arranged that it instantly tells on one face the rates on all domestic classes of mail matter, also what constitutes the different classes. On the other face is given the foreign rates. The inventor of the card is J. C. Bittschoffsky, of Cleveland.

THE eight annual encampment of the Sons of Veterans began at Patterson, N. J. to-day. The meeting will be of unusual importance on account of the indorsement of the recent G. A. R. encampment. There are two branches of the Sons of Veterans, designated as the camps and the posts system. Both organizations have been exerting themselves for years to get the indorsement of the Grand Army of the Republic. Last winter a sort of consolidation of the two systems was patched up, each agreeing to make concessions. Since then the post system has withdrawn from the agreement, and as a result the National Encampment of the G. A. R. at Milwaukee unequivocally indorsed the Sons of Veterans U. S. A., otherwise known as the camp system. The rejection of the scheme of consolidation will remove what promised to be an element of discord. The encampment will continue all week.

REV. SEABREASE.

An Interview With the Episcopal Rector Concerning His Call to Detroit.

A reporter of THE SENTINEL saw the Rev. Mr. Seabrease this morning in the matter of his call to the parish at Detroit, and he authorizes us to say that the editor of the Detroit *Evening News* has not been accurately informed as to the facts in the case of his call to that city.

Mr. Seabrease has not been absent from Fort Wayne on a Sunday for nine months. When this call to Detroit came to him, in the way that such things should come, he considered it conscientiously, and declined it courteously, from duty to his present work.

That his motives in declining were understood and appreciated, H. C. Parker, esq., senior warden of St. Josephs' Parish, writes under date of Sept. 3rd: "You can well imagine my great disappointment in receiving your letter and enclosure declining the call to St. Joseph's church, and on reading it over carefully cannot but appreciate your position in the matter. Your friends at Fort Wayne have certainly a strong claim on you, and your decision may prove for the best in our Matter's work."

Mr. Seabrease is deeply interested in the work of his parish here, and in everything that looks to the development of Fort Wayne. His own people have treated him with uniform kindness and the citizens generally, with marked courtesy. His parish is prosperous, and is growing with the growth of the city.

The congregation have built for Mr. Seabrease since he came to this city, a new parsonage, and he tells us he is well satisfied with his present charge.

A BRIDGE OF SIGHS.

The Findings Which Made the Position of Judge Powers Pretty Clear.

Judge Powers' findings in the bridge case looks as though it is virtually settled that the county commissioners alone will locate the new bridge and not the courts. The judge says:

The evidence shows that the old bridge for $650 can be put in safe condition and be made to last for ten years, but it does not, in my opinion, show that it can be made to serve all purposes for which the public use it. The evidence shows that this bridge is reasonably safe. But it is old, dilapidated, injured by fire and is badly decayed. It is only fifteen feet and two inches wide; it is a part of one of the most important highways in Allen county; most of the people of five townships who frequently come to Fort Wayne, some of them with heavy loads, pass over it. Many of the people of the city have to use this bridge. Almost every day a funeral procession passes over it. I believe your people need a wider and better bridge than the present Main street bridge, and that it can not be repaired so as to answer the needs of the people at present, and surely not for ten years to come.

The judge will pass upon some points of law, but will, no doubt, deny the injunction and differ with the jury.

Ball Games.

Huntington *Herald:* "Miss Emma Searles entertained very delightfully a company of young people, Saturday evening, among whom was Miss Jessie Neireiter, of Fort Wayne.—Five of Fort Wayne's graceful wheelmen came to this city Saturday morning and spent the day looking over Huntington and getting acquainted with some of our people. The boys were Christ. Siebold, Ed Noble, Frank Heid, Will Heid and Hugh W. Hislop. They covered the distance in less than three hours."

Huntington *Democrat:* "T. O. Patterson, of Fort Wayne, was among his Lime City friends this morning.—Miss Anna Elloph, of Fort Wayne, is the guest Mrs. M. P. Emley. She will remain for two or three weeks.—Mr. and Mrs. A. Koenig and family and Mrs. Annie Schaefer went to Fort Wayne this morning to visit until to-morrow."

BURIED IN A MINE.

Eleven Men Killed in a Disaster in Colorado.

DENVER, Col., Sept. 10.—The following particulars of the White Ash mine disaster near Golden, Col., were brought here this morning from that place by special couriers. They say eleven men were killed in all. The victims were at work in a drift from the bottom of the shaft at a depth of 730 feet and were 800 feet from the shaft. The drift runs along side of an old shaft.

Yesterday morning there was some fifty feet of water in this shaft. The water finally burst through the shaft and flooded the drift in which the men were at work. There is not the slightest hope of rescuing any of the men alive and it will require weeks of hard work before even their bodies can be reached.

The work of pumping out the water was begun this morning. The widows and orphans of the victims are gathered around the mouth of the shaft alternately crying and praying for their loved ones and the scene is pitiful indeed.

A Good Appetite.

Is essential to good health; but a this season it is often lost, owing to the poverty or impurity of the blood, derangement of the digestive organs, and the weakening effect of the changing season. Hood's Sarsaparilla is a wonderful medicine for creating an appetite, toning the digestion, and giving strength to the whole system. Now is the time to take it. Be sure to get Hood's Sarsaparilla.

CAMDEN, N. J., Sept. 9.—Miss Anna LeConey, a niece of a prominent farmer, living near here was murdered this morning. The assassin secured considerable money which was in the house.

News About Town.

It is the current report about town that Kemp's Balsam for the Throat and and Lungs is making some remarkable cures with people who are troubled with Coughs, Sore Throat, Asthma, Bronchitis and Consumption. Any druggist will give you a trial bottle *free of cost*. It is guaranteed to relieve and cure. The large bottles are 50c and $1.

NORWALK, O., Sept. 9.—Charles Westerick, a dealer in general merchandise at Bismarck, this county, and treasurer of Sherman township, is reported short in his accounts to the extent of $1,859.

"A Word to the Wise is Sufficient."

Catarrh is not simply an inconvenience, unpleasant to the sufferer and disgusting to others—it is an advanced outpost of approaching disease of worse type. Do not neglect its warning; it brings deadly evils in its train. Before it is too late, use Dr. Sage's Catarrh Remedy. It reaches the seat of the ailment, and is the only thing that will. You may dose yourself with quack medicines 'till it is too late—' till the streamlet becomes a resistless torrent. It is the matured invention of a scientific physician. "A word to the wise is sufficient."

CINCINNATI, Sept. 9.—John Descher, aged sixty, a retired confectioner of this city, committed suicide this morning.

SEVENTH POINT

You should read THE CHICAGO DAILY NEWS because *you can afford it.* Price doesn't stand in the way. It's really the cheapest thing on earth. One cent means practically nothing—until you spend it. Then you may make it mean a great deal, according as you invest it. A thing is cheap if it costs little, and is worth much. THE DAILY NEWS is like a telegraph from the whole world to your brain. To keep it in constant working order costs you but one cent a day. That's why it's cheap—because it renders a great service for an insignificant price.

Remember—Its circulation is 220,000 a day—over a million a week—and it costs by mail 25 cts. a month, four months $1.00,—*one cent a day.*

LONG LIFE.

There is nothing in the world more generally desired than long life, yet the majority of people put off caring for their health—not because they are really careless, but because we live our lives at such a pace we have not time to give the subject sufficient thought until we receive a reminder in the shape of a severe illness.

Then, too, we are constantly bewildered by the various schools of medicine, and the physicians who represent them, and often blunder in our choice of a doctor.

If people only knew that the very best health-keeper, life-preserver and disease preventer that has yet been discovered, is simmered down into a concentrated and very palatable form in the shape of New Style Pleasant Taste Vinegar Bitters, they would not hesitate a moment to try it.

But they do not know. How can they know, when so many not only worthless, but positively injurious drugs are constantly flooding the market under various names and guises, that the New Style Vinegar Bitters is as bad as any of them?

They do not know, of course, unless they have the courage to try the New Style. It straightens out a tangled-up system in a very short while, and those who buy it once buy it always.

Why don't you try it, reader? It is sent out by a responsible house, and is exactly as represented. It costs but a dollar for a very large bottle. Try it once and you will never be so glad of anything in your life. Your druggist may not have it, but he will order it for you. Be sure it says New Style Pleasant Taste on carton and bottle before you take it. Try it, and you will feel happier than if you had found a gold mine, for it really is a mine—of health.

Free from alcohol and opium; composed of expensive herbs and roots, with fine, delicate flavoring.

ECHOES OF THE RAIL.

Brief Sketch of the Railroad Career of Superintendent C. D. Law—The Days News and Gossip.

THE SENTINEL with this issue commences a series of sketches of men prominent in the railroad and manufacturing business of the city, and hopes to continue it as time and space permits. To-day it introduces to our readers a "Man you know," a representative railroad man of the city and country,

MR. CHAS. D. LAW.

There are few men in western railroad circles better known than C. D. Law, the superintendent of the western division of the Pittsburg, Fort Wayne and Chicago railroad. He is a native of Pennsylvania, and was born in Philadelphia in 1844, where his early boyhood days were spent. From a brief sketch published in the *Railway Age's* biographies of the prominent railroad men of the country, we learn that after attending the public schools and graduating from the Polytechnic college at Carlisle, Pa., at the age of twenty-two, he entered the railway service. He began at the lower rounds of the profession and his career has been one of steady advancement ever since.

His position when he left college and entered his chosen calling was that of levelman and he gradually worked his way up until he became assistant engineer of the Duchess & Columbia railroad with which he was then connected. He remained with this company for five years and after serving for a year with another company, we find him from 1871 to 1872 the draughtsman and assistant engineer of the Rochester & State Line railroad and in April, 1873, the division engineer of the Pittsburg, Fort Wayne & Chicago railway. In February of 1880 he was appointed roadmaster of the western division and in November, 1881, was made the superintendent, a position he has since held.

Mr. Law came to Fort Wayne in 1873 as division engineer and has made his home in this city ever since. He is a man of marked business abilities and under the stimulus of his guiding hand, the interests of the company have advanced wonderfully.

He has charge of all the vast interests of the Pennsylvania Company from Crestline to Chicago, with its branches, and the shops in this city. The characteristics of his business methods are his push and energy. He is gentlemanly and courteous with the men under his employ and they have a high regard for him. While he is easy of approach, they know he can say "no" when occasion requires. Mr. Law is identified with the city's interests and advancement, and while he is wedded to the Pennsylvania, he is always ready to do what he can to help Fort Wayne along. We may well feel proud of such men as C. D. Law.

HIS CHIEF CLERK

Is Robert Learmouth, jr., who is a popular young man both in and out of railroad circles. Mr. Learmouth is about twenty-eight years of age. He was born at Alliance and lived there until he was sixteen years of age, when he came to this city and took a position as clerk to his father who was then roadmaster of the Pennsylvania company.

During his idle moments and in the evenings, he studied shorthand and when he mastered it he entered Mr. Law's service as stenographer, which position he occupied from July 9, 1882, until he succeeded C. R. Higgins as chief clerk a few months ago.

NEWS OF THE DAY.

The Bass works paid their employes to-day.

Charles Colerick, of the Pittsburg offices, is at New York City.

The car wheel department at the Bass works is rushed with work.

John Ryan, formerly brakeman on the Nickel Plate, has been promoted to the position of conductor.

The Pennsylvania Company last week did the heaviest business at Indianapolis in the history of the company.

The Pittsburg and Wabash roads sent a number of people to Western points to-day, both roads having excursion rates in force.

Andrew Weber, of the Pittsburg shops, is building a very handsome residence on Clinton street, opposite the bishop's residence.

Charles Doebler has again been transferred to this city, under Mr. F. D. Casanave, of the Pennsylvania road, and, with Mrs. Doebler, will reside here.

The roads crossing Indiana come up with large earnings for August. The Louisville, New Albany & Chicago earned, gross, $232,257, an increase this year over the corresponding month in 1888 of $19,155, making the largest earnings in any month in the history of the road. The Ohio & Mississippi earned $402,794, an increase this year of $23,610; the Wabash, $1,314,207, an increase this year of $43,384; the Lake Erie & Western, $258,729, an increase this year of $25,558; the Chicago & Atlantic, $208,704, an increase this year of $17,465.

Thomas Comparet, of Freight Agent Philley's office, of the Lake Shore, has been promoted to a clerkship in the office of General Freight Agent S. A. Wikel.

Patrick B. Carroll, the night watchman at the Bass works, tells us that he believes he is the only Pat Carroll in the city and he wishes to say that he was not in police court yesterday morning on any charge whatever.

The stock of lines owned by the Pennsylvania Company is quoted the highest of any roads west of Pittsburg. The Pittsburg, Fort Wayne & Chicago sells at $158 per share and that of the Cleveland & Pittsburg at $149 per share.

The most valuable consignment of merchandise ever handled by any western road was secured by the Union Pacific at San Francisco last Saturday. The consignment consisted of forty carloads of sealskins, consigned to the care of the Union Pacific Railway company for transportation to England by the Alaska Fur company. The shipment is the product of the company's "catch" for last year, and the skins, thoroughly dried, were sent out in three special trains for rapid transportation. The time agreed upon in delivering the consignment at its destination is nineteen days from San Francisco.

Do you suffer from scrofula, salt rheum, or other humors? Take Hood's Sarsaparilla, the great blood purifier. 100 doses one dollar.

NEW YORK, Sept. 9.—James McInery, supreme trustee of the Catholic Knights of America, dropped dead at Coney Island last evening.

Interested People.

Advertising a patent medicine in the peculiar way in which the proprietor of Kemp's Balsam for Coughs and Colds does is indeed wonderful. He authorizes all druggists to give those who call for it a sample bottle *Free*, that they may try it before purchasing. The large bottles are 50c and $1.00. We certainly would advise a trial. It may save you from consumption.

Cincinnati and Return, $3.50.

Wednesday, Sept. 11, via the "Muncie Route." Tickets include admission to the spectacular production of "Montezuma," and are good returning for three days. Train leaves Fort Wayne at 10:40 a. m., arriving in Cincinnati at 6:30 p. m. Don't miss this last opportunity to visit the Queen City at low rates. 4 6t

TAR-OID

NATURE HAS NO BETTER REMEDY

Than this New Compound of Tar for Wounds, Burns, Sores, Piles, Salt Rheum, Eczema, and Coughs, Croup, Scrofula, Ulcers, Varicose Veins, Bronchitis, and Consumption.

TAR-OID must not be confounded with the cheap remedies which are prepared on the theory that *Skin Diseases* are caused by *impure blood*, which is not true. They have their cause in a want of *vital action* in the skin. TAR-OID restores this action, hence it cures every form of *Skin Disease*, also sores, burns, etc. It is soothing and wonderfully healing—gratifying results follow in every case. It is harmless and can be used with perfect safety by any one. It is superior to all other remedies. There is positively nothing else like it.

TAR-OID is a sure cure for piles. It never fails. We warrant a cure or refund the money. It gives immediate relief. It is perfectly safe, yet powerful in its action.

THE BRIDGE CASE.

Mr. S. R. Alden Gives His Opinion Concerning the Matter.

Mr. S. R. Alden, as attorney for the board of commissioners, to-day submitted his opinions on the bridge matter. He said the commissioners have the right to go ahead and locate the bridge. He renders his opinion after careful examination of data and technicalities. He gives an exhaustive report of the status of the case which plainly looks as though the bridge is going to be located on Columbia street. He also suggests the maintenance of the Main street structure in event the Columbia street site is chosen.

The commissioners will in all probability bring up the question to-morrow and virtually settle the location of the bridge that has caused so much trouble and litigation.

RIGHT AT HOME.

M. F. Bell, of Madison Township, Is In Clover on the Fuel Question.

M. F. Bell, of Madison township, son of Archibald Bell, writes THE SENTINEL that he is burning natural gas from a well on his farm. He had apparatus put in his residence and surrounding buildings and has twenty-seven burners. He is in high spirits.

COUNTERFEITERS CORNERED.

Deputy U. S. Marshal Blair Unearths a Kit of Tools for Making the Queer.

A few days ago Deputy U. S. Marshal T. W. Blair effected the arrest of Daniel Rhynard, of Jackson township, on the charge of passing spurious coin.

Rhynard was made a prisoner and lodged in the Allen county jail to await a hearing.

Marshal Blair returned there yesterday and made a thorough search of the premises. He was rewarded by the discovery of a kit of counterfeiter's tools, including the dies, besides a number of partially finished counterfeit dollars.

Mrs. Rhynard was placed under surveillence to permit the preferment of a charge against her for being an accomplice to her husband's illegitimate business. The woman was brought to the city to-day for examination and Marshal Blair returned there to continue his investigation.

Deputy Marshal Blair is a hustler.

THE ORIGIN OF A FAMOUS POEM.

Mr. James E. Murdoch, a veteran actor, recently related this story to a party of Philadelphia friends:

"Some time ago I was at a meeting of a society of which Dr. Oliver Wendell Holmes is an influential member. Upon the evening of my attendance a discussion arose amongst several of the party, including Dr. Holmes, in regard to the themes upon which a poet usually writes, the general opinion being that the poetic field is limited. 'I believe for want of a better subject I could write a poem on a basket of chips.' The other men doubted this assertion, and one said, speaking for the party, 'Well, I tell you what we will do. There is that old chaise that has been down at the wheelwright's shop for many a year. If you can write a poem on that we will become converted to your idea.' Dr. Holmes accepted the challenge, and at the next meeting of the club he read to the astonished members the 'Deacon's Masterpiece; or 'The Wonderful One Hoss Shay.'"

POVERTY and discontent in Germany have driven the government to adopt the principle of paternal socialism. Laws looking to the relief and protection of the working people have been framed and adopted, and are as fast as practicable being put into execution. These provide for insurance of all kinds, regular relief to widows and aged persons, and, in fact, for all dependents. This step by Germany, the strongest of the European powers, is likely to be followed by others, and a few years may see the principle spread throughout the continent.

MRS. FERRY, the wife of the Tacoma capitalist, who created such a sensation in Paris, has returned to the Pacific coast. She indignantly denies that she bit off her husband's nose in that famous scrimmage. Mr. Ferry says she did, and it is to be presumed he knows.

LONDON HORROR STRICKEN

Another Whitechapel Murder Committed in the Great Metropolis—The Body of the Victim Found.

LONDON, Sept. 10.—At half past 5 o'clock this morning a policeman found the body of an abandoned woman lying in a corner of a railway arch spanning Cable street, in Whitechapel. Examination of the body showed that the head and legs had been cut off and carried way, and the stomach ripped open, leaving the bowels lying upon the ground. The police authorities immediately placed a cordon of officers around the spot but no arrests were made.

A policeman passed the place where the body was found every fifteen minutes throughout the night and saw nothing to arouse his suspicions. Physicians who examined the body believes that the murder occupied nearly an hour and it is surmised that the murderer carried the head and legs away in a bag.

The murder is the most horrible of the whole Whitechapel series. The disection of the body showed that the perpetrator possessed considerable surgical skill.

The murdered woman was about thirty years of age and was evidently addicted to excessive use of spiritous liquors. Her clothing was shabby. As yet she has not been identified.

The murder has created tremendous excitement and a large crowd of agitated humanity surrounds the morgue, whither the body was taken. Further examination reveals the fact that there was no blood on the ground where the body was found, nor was there any indication of a struggle. This confirms the general belief that the woman was murdered in a house and her body taken to the spot where it was discovered.

The trunk was nude, and a torn and bloody chemise was lying near it. Experts are of the opinion that the woman was killed two days ago. Three sailors were, subsequent to the discovery of the body, found sleeping in the adjoining arch. They were arrested, but they convinced the police that they had neither seen nor heard anything of the murder or the body lying near them, and were discharged.

THE HIGH BINDERS.

Affairs in Chinatown Are Becoming Critical.

SAN FRANCISCO, Cal., Sept. 10.—Owing to the congregation of High Binders in Chinatown, affairs in that quarter have become critical. For the past two weeks four policemen of the regular force have been stationed nightly on or about the stage of a chinese theater, to prevent a general raid and demolition of the place by High Binders.

It appears that after the High Binder murder, which occured a short time ago, A. L. Kee, manager of the theatre, was asked to offer a reward for the murderer's arrest. He refused to do this, claiming he had no special interest in the affair. Threats were made by the High Binders that they would clean out the place and on several nights trouble seemed imminent.

Chinese tongs demanded free admission to the theater, and threatened if not given it, they would raise a row. These characters can not be arrested and convicted as vagrants, as the police can not keep track of them for ten days, as required by law, and they remain practically secure. It is computed that there are fully 3,000 well known High Binders now living in Chinatown.

CUT TO PIECES.

A Fatal Railroad Accident at Lima, Ohio, This Morning.

LIMA, O., Sept. 10.—A Chicago and Atlantic passenger train struck Charley Weaver at the Main street crossing, in this city, this morning, and cut him into a dozen pieces.

Who Can Vote.

SANTA FE, N. M., Sept. 10.—The time of the state convention yesterday was occupied in discussing articles presented by the committee on executive affairs. A constitutional provision that five years after the adoption of the constitution no person unable to read or write the English language, shall exercise the right of suffrage, was offered and was referred to the committee on election franchise.

Colored Ministers Mistreated.

BRUNSWICK, Ga., Sept. 10.—It was reported here last night that six negro preachers on route to Cincinnati, were taken from the ladies coach on a north bound East Tennessee, Virginia and Georgia train at Baxley, Ga., yesterday morning and badly beaten for having refused to go into a second class coach when asked to do so.

BROKE JAIL.

Two Convicts Escape at Joliet, Ill.—Other Telegraphic News.

JOLIET, Ill., Sept. 10.—Edward Stone, a burglar sent up for eight years from Morrison, and Henry Miller, sent up for two years from Waukegan, escaped from Joliet prison last night. A reward of $100 is offered for the recapture of the men, and a large force of prison officials are out after them.

DECATUR, Ill., Sept. 10.—Powers' grand opera house, which cost $100,000, and is the finest place of amusement in the state outside of Chicago, was formally opened last night.

BISMARCK, N. D., Sept. 10.—The discovery made yesterday of a bed of rock salt in this county, has occasioned no little excitement, and prospectors are preparing for an early start toward the field where the discovery is supposed to have been made. The bed was found by Charles Chamberlain, a farmer, and he says the supply is inexhaustible.

WABASH, Ind., Sept. 10.—Upon indictment returned by the grand jury, the sheriff during the last two days days has arrested eleven men on the charge of riot and conspiracy. The men are charged with the "White Cap" outrages in which Mrs. Asonth Street and her daughter were taken from their beds at midnight and whipped. Most of the prisoners are influential men and the head of families.

CHARLESTON, W. Va., Sept. 10.—Elizia Hatfield, who confessed the murder of the girl Allaro McCoy last New Years night, in Logan county, this state, and on his confession was adjudged guilty of murder in the first degree, has been sentenced to be hanged Tuesday, Dec. 3, next.

CHICAGO, Sept. 10.—Tony Delight, the barber evangelist and one of the best known men in Chicago, died last night at his residence, 791 Warren avenue, from an affection of the heart.

NEW YORK, Sept. 10.—Gabe S. Caldwell, the well known starter on Brighton Beach and Clifton race tracks, is lying seriously ill at the Clifton hotel, Clifton, N. J. He has been in bad health for some time. Last week he had hemorrhages from the lungs. It was stated today that he had resigned his position as starter, but his friends deny this.

LANSING, Mich., Sept. 10.—The limited express which left Chicago yesterday afternoon at 2:35 was wrecked about one-half mile east of this city last evening by running into the rear of a freight train standing on a siding. No person was injured.

NEW YORK, Sept. 10.—The trial of Henry S. Ives for fraudulent issuing a certain numbers of Cincinnati, Hamilton and Dayton railroad stock certificates was begun to-day.

BUFFALO, N. Y., Sept. 10.—The national Polish alliance convened in eighth annual session in St. Addelbous school house at East Buffalo, this morning. About one hundred and fifty delegates are present from all points of the country.

WORCESTER, Mass., Sept. 10.—Last night Joe Hulburt, of this city, defeated J. J. Bagley, of Boston, in a Graeco-Roman wrestling match for $200 a side. Hulburt won two falls out of three.

BALTIMORE, Md., Sept. 11.—The great council of the Improved order of Red Men met to-day. The meeting opened with a "Long talk" by the "Great Incpohenue," Thos. J. Frances, of New Jersey.

LANCASTER, Pa., Sept. 10.—Samuel H. Reynolds died here this morning, aged 79. He was president of the People's National band and for many years a prominent leader of the Lancaster bar.

TOMPKINSVILLE, S. I., Sept. 10.—Shortly after 10 o'clock this morning the 9:30 o'clock train from Perith Amboy to St. George, running at a rapid rate just behind a South Beach train and crashed into the latter on the bridge between Torupkinsville and the station. The rear car of the South Beach train was full of passengers. Three of them were injured.

THE ILLINOIS MINERS.

They Refuse to Accept Mr. Scott's Terms.

SPRING VALLEY, Ill., Sept. 10.—The miners positively refuse Mr. Scott's terms. They passed resolutions yesterday calling on the governor to make a personal inspection of their condition and the justice of their demands and ask him to use the state emergency fund in their behalf. They also ask him to call an extra session of the legislature.

Mr. F. M. Berkey, of Kansas City, Mo., is in the city, the guest of his sister, Mrs. O. G. Hutchinson, at 296 West Main street.

NEARING DEATH!

Congressman Cox Slowly Sinking—His Death May Occur at Any Moment.

NEW YORK, Sept. 10.—At 9 o'clock this morning the doctors reported no change in the condition of Congressman Cox. He was still very low and the doctors stated that he was likely to die at any moment.

Shortly after nine o'clock Mr. Cox's condition changed for the worse and Dr. Lookwood, the attending physician, immediately sent for the other doctors, who have been in consultation with him since Mr. Cox was taken ill. They arrived promptly. Soon after the patient rallied and asked for something to eat. He was given some broth of which he took a very little.

At this hour, 1 o'clock, he is very low and his death is momentarily expected. Many telegrams of sympathy have been received from prominent people all over the country. Mrs. Cox is prostrated with grief.

At noon the patient had a very bad sinking spell and at the time those about him thought he was dead, but later he rallied a little and he was given a hypodermic injection.

APPALLING SUFFERING.

The Destitution Among the Families of the London Strikers.

LONDON, Sept. 10.—The destitution on the east end of London among the families of the striking dockers is something appalling. Many of the women and children have been for whole days without food and all the relief afforded by the charitably disposed scarcely makes an impression upon the distress, so great is its extent.

During the first days of the great strike the wives of the men managed to get an occasional meal for themselves and their children by taking their few household goods piece by piece and their clothing to the pawn brokers' shop. But there are few now who have anything left to pawn. The shopmen have long ago been forced to refuse all credit and as a result these poor unfortunates are dependent solely upon charity for subsistence.

Notwithstanding their deplorable condition the dockers' wives are quite as determined as their husbands in fighting their fight against their employers to the bitter end, and it is even said by those living among these people that the strike would have been over a week ago, and the men would have gone to work at the masters' terms, but for the persistent obstinacy of the women who preferred to suffer the pangs of hunger rather than permit their husbands to submit to defeat.

Cardinal Manning will address the strike committee this evening in a supreme effort to effect a settlement of the difference between the men and their employers.

A meeting of the striking workmen was held at Tower Hall to-day. Mr. Tillett, one of the leaders of the strike and the founder of the dock laborers union, addressed the strikers.

Many members of the Corn exchange have signed a petition asking the home office to put a stop to the intimidation by strikers of men who are willing to work.

ANTWERP, Sept. 10.—The service of the Red Star Line of steamers between this port, New York and Philadelphia will in no way be interrupted by the recent explosion and fire here.

LONDON, Sept. 10.—The people of Melbourne, Australia, have sent £10,000 as a contribution to the relief fund of the London strikers.

BERLIN, Sept. 10.—The *National Zeitung* assert that the Czar will pay a visit to Berlin after the army manoeuvres in September.

Johnstown Thrift.

JOHNSTOWN, Pa., Sept. 10.—A new business directory of Johnstown and surrounding boroughs contains the names of over five hundred business and professional men. It also shows that there are now thirty-six grocery stores and fifty-one saloons open in the place.

A complete list of the dead in Cambria borough has been made by Mail Carrier Bendges, and he finds that there were 824 people drowned in the flood.

Fatally Shot.

CHICAGO, Ill., Sept. 10.—Wm. Folk, a press feeder, living on state street, near Van Buren, was shot and fatally wounded at 11:45 o'clock, last night, by Edward Sullivan, a fellow workman. The shooting occurred in the yard in the rear of Henry Benwald's saloon, 184 Herman street, and was the culmination of an old feud between the two men. Sullivan was arrested at 2 o'clock this morning.

THE MORMON TERRITORY.

Democrats and Republicans Firmly United in Resisting the Common Enemy.

Colonel R. S. Robertson, of the Utah commission, accompanied by his wife, is in the city, and registered at the New Denison, says the Indianapolis *Journal* of to-day.

The Colonel has been away from Utah Territory about two weeks, he leaving it just after his board had completed its business in connection with the August elections. The commissioners attend to all the registration and canvassing of votes.

"The Mormons," said the colonel, "have about seven-eights majority. In fact, the only politics in the territory is Mormon and anti-Mormon. The former form what is called the People's party, and the latter go under the name of Liberals. Democrats and republicans are united against the common enemy, and share equally the responsibility of party work and service.

"They move along harmoniously, much more so than factions in a party do in the East. The Liberal committee has a Democrat at the head, and the other members are equally Republicans and Democrats. In the general election, recently, the Liberals carried Salt Lake City, and at a jollification meeting a Democrat presided and made the first speech. Then came a Republican, and after him a Democrat, and again a Republican, and so on until the meeting closed."

The colonel continued by talking about statehood and said the people were as much opposed to it as they were to the Mormons.

"The gentiles are advancing there, are they not?"

"It is only a question of time when Mormonism must submit, but it is tenacious. The masses of the Mormons are sincere in their belief, and when one of the broader minded and educated men becomes wavering he is immediately promoted. After that he is as fanatical as the rest of them. Polygamy is only a secondary question. Civilization would attend to that and destroy it, but over all is the absolutism of theocracy. That will resist to the last."

COONEY THE FOX.

The Police Have the Criminal Where They Want Him.

CHICAGO, Sept. 10.—The police authorities were more than usually confident, not to say jubilant, last night anent the Cronin case. Evidently their efforts in some direction had been greatly successful. What it was that pleased them they would not say, but it might be surmised with confidence that they at last had "Cooney the Fox" just where they wanted him. It is even hinted by one man in a position to give a good guess as to what had been done that he was locked up in an out of the way police station.

OIL GOES UP!

A Flurry in the Oil Market at New York.

NEW YORK, Sept. 10.—There was a flurry in the petroleum market on the consolidated exchange to-day. The price of oil advanced to $1.02½ because of an official report of a decrease in stock of 1,000,000 barrels as well as large decrease in outstanding certificates. It was thought for a while that the dealers who were short of oil would be caught in the squeeze, but later in the day a portion of the advance was lost and the impending corner was averted.

Thrown Out of Work.

BRIDGEPORT, Conn., Sept. 10.—Taylor's bustle manufactory, where about 600 girls have been employed, shut down Saturday night. The suspension is likely to be indefinite from the fact it is said, that the bustle has gone so largely out of fashion that comparatively no demand for it remains.

The transcript in the state oil inspectorship contest, in which Judge Howland, of the circuit court, rendered a decision on Saturday, was filed yesterday in the supreme court, and it is expected that the question will be finally settled within a month or six weeks. A. J. Beveridge, the attorney for Dr. Yancey, claims that it was to his client's advantage for Judge Howland to render a decision against him, inasmuch as that enables Yancey to take the case immediately to the supreme court; whereas, if the case had gone against Yancey, the defendant would have been very slow in taking it to the upper court, Mr. Hyde, in the meantime, holding on to the office.

TIDAL WAVE PLAYS HAVOC

Coney Island, the Scene of Wreck and Desolation and Submerged With Water.

NEW YORK, Sept. 10.—Coney Island to-day is a scene of wreck and desolation. Nearly one-half of the island, east of the iron piers, is now submerged and the high tide and heavy surf are playing sad havoc with the remaining portion.

The greatest tide that has ever been experienced, struck the island at 6 o'clock this morning and increased in volume and fury long past 8 o'clock. Consternation reigned supreme every where. There is even now not a strip of beach to be seen on the island.

Water is pouring in volumes underneath the Manhattan hotel. The great waves are dashing against the music stand and it bids fair to go down before the day is over. The concrete walk directly in front of the big building has been undermined and carried away and every breaker carries tons upon tons of water beneath the building. It looked to-day as if it was doomed. The bulkhead has been torn up and rent asunder. The cellar of the hotel at 7 o'clock today was three feet deep with water and it was still pouring in.

The little strip of land between Brighton and Manhattan has been swept away and the ocean and Sheepshead bay is connected by fully five feet of water extending to Sheepshead. The Manhattan and Oriental hotel stand by themselves on a little island that is fast being eaten up. The mammoth bathing pavilion belonging to Manhattan beach is being beaten down by the thundering waves. The old Marine railway structure was carried away early to-day and was taken with an awful crash over the new Marine railway, fully 300 feet in land, carrying the latter away bodily and overturning and smashing cars like kindling wood.

The old Brighton Beach bathing pavilion followed it with a deafening crash, and the driftwood, carried with lightning rapidity and herculean force against the new bath house, tearing part of that away.

The Brighton Beach hotel is surrounded by over two feet of water, which extends as far as Sheepshead bay. Fully one hundred feet of the town in front of the hotel has been eaten away since last night, and from indications early to-day, it will all be gone before night.

The Brighton Beach railroad is submerged. No trains are running. The angry waters dashed against Seidel's music stand, each wave tearing away great chunks of it at every burst. All efforts to save the structure have been abandoned. The little children's society cottage, near the music stand, has given way. The waves are breaking under the elevated railroad station and fears are entertained for its safety. Brighton Beach is nearly all under water and is separated from Keanu's hotel by five feet of water.

There is consternation everywhere. No such tide has ever been experienced in the history of the island. The great tidal wave made its first appearance at precisely 6 o'clock to-day. The wind was blowing a hurricane off shore. As the morning advanced the hurricane increased to a perfect cyclone. Following the first great tidal wave, the gigantic swells came swaying and rolling in in rapid succession.

JERSEY CITY, N. J., Sept. 10.—The unusually high tide here rose far above some of the docks located between the Pennsylvania railroad and the Delaware, Lackawanna and Western. On Peronia avenue, the thoroughfare leading from the ferry, the water was two feet deep and extended beyond the Erie's train sheds. The water was over the wheels of the horse cars, and passengers were landed by means of temporary bridges. The entire Erie freight yard was entirely submerged, and thousands of barrels of flour are reported damaged.

NEW YORK, Sept. 11.—The damage by the storm along the water from here has been very great. Along South street and West street nearly all the cellars have been flooded and goods destroyed in many of the warehouses.

It is reported that the wires are all down at Sandy Hook and that telegraphic communication with that point has been cut off. The landing stage at Castle Garden is almost completely submerged, a state of affairs that was never known to have existed before.

Rockaway beach was strewn from one end to the other with a mass of drift and large amount of destruction has been done. It is feard that further and more serious damage will be done to-night when the tide is high.

E. A. E. HACKETT, Editor and Proprietor.

TUESDAY, SEPT. 10, 1889.

THE weekly trade review of R. G. Dun & Co., discloses an improvement in almost every department of business throughout the country.

IT is encouraging to read the declaration of principles set forth by the democrats of South Dakota in relation to the tariff. They are keeping up with the procession.

THE pope has abandoned the idea of leaving Rome, the German government having meditated in his behalf and assured him that in the event of a war Italy would strictly respect his position.

THE Washington friends of Mrs. James G. Blaine, jr., say that her determination to not go on the stage after many months of preparation is the result of overtures from Mrs. Blaine's husband, which will result in a reconciliation and the coming together of the husband and wife.

PRINCE BISMARCK is suffering from inflammation of the veins. This is the outcome of his refusal to obey his physicians. They forbade him to drink wine or beer or to smoke cigars. With Montaigne's contempt for the advice of doctors, he continues his usual habits and the result has proved disastrous.

CONGRESSMAN CARLISLE thinks that the rapid growth of the tariff reform idea points to the renomination of Mr. Cleveland in 1892, but, if Governor Hill enters the race and makes a fight against Mr. Cleveland in the convention, it is the opinion of Mr. Carlisle that the candidate will come from outside of New York.

MRS. JOHN A. LOGAN has returned from the west. At present she is interested in the organization of a stock company with $50,000 capital for the establishment of a central training home where American and foreign girls will be received and cared for, and she is very enthusiastic over the prospects of success.

THE immense natural gas well just drilled in at Upper Sandusky, measuring 47,000,000 cubic feet, isn't encouraging to the argument that natural gas is petering out. Northwestern Ohio is a wonderfully extensive gas field, and some day the yield will be utilized to make strong and vigorous communities of every city and town in this section. Nature provides it and the people are bound to receive the fullest and the freest benefits from the development.

THIS paragraph, from the Philadelphia *Record*, is in line with the sentiments expressed in the Ohio democratic platform: Trusts can be organized, without the assistance of protective tariffs, wherever opportunity may be offered for a combination of aggregated greed and money. But protective tariffs invite the formation of trusts by the offer of legalized bounties and premiums to their promoters. Many trusts would be impossible if the government were not a party to the conspiracy against the public welfare.

THE latest time saving device is the lightning postage indicator. Many persons have been frequently put out to find the rates on different classes of mail matter of various weights and have vexed their brain with computation. The device is a card attached to the beam of a postoffice scale. As the mail matter is weighed the card indicates the necessary amount of postage in cents. It is so arranged that it instantly tells on one face the rates on all domestic classes of mail matter, also what constitutes the different classes. On the other face is given the foreign rates. The inventor of the card is J. O. Bittschoffsky, of Cleveland.

THE eight annual encampment of the Sons of Veterans began at Patterson, N. J. to-day. The meeting will be of unusual importance on account of the indorsement of the recent G. A. R. encampment. There are two branches of the Sons of Veterans, designated as the camps and the posts system. Both organizations have been exerting themselves for years to get the indorsement of the Grand Army of the Republic. Last winter a sort of consolidation of the two systems was patched up, each agreeing to make concessions. Since then the post system has withdrawn from the agreement, and as a result the National Encampment of the G. A. R. at Milwaukee unequivocally indorsed the Sons of Veterans U. S. A., otherwise known as the camp system. The rejection of the scheme of consolidation will remove what promised to be an element of discord. The encampment will continue all week.

REV. SEABREASE.

An Interview With the Episcopal Rector Concerning His Call to Detroit.

A reporter of THE SENTINEL saw the Rev. Mr. Seabrease this morning in the matter of his call to the parish at Detroit, and he authorizes us to say that the editor of the Detroit *Evening News* has not been accurately informed as to the facts in the case of his call to that city.

Mr. Seabrease has not been absent from Fort Wayne on a Sunday for nine months. When this call to Detroit came to him, in the way that such things should come, he considered it conscientiously, and declined it courteously, from duty to his present work.

That his motives in declining were understood and appreciated, H. C. Parker, esq., senior warden of St. Josephs' Parish, writes under date of Sept. 3rd: "You can well imagine my great disappointment in receiving your letter and enclosure declining the call to St. Joseph's church, and on reading it over carefully cannot but appreciate your position in the matter. Your friends at Fort Wayne have certainly a strong claim on you, and your decision may prove for the best in our Matter's work."

Mr. Seabrease is deeply interested in the work of his parish here, and in everything that looks to the development of Fort Wayne. His own people have treated him with uniform kindness and the citizens generally, with marked courtesy. His parish is prosperous, and is growing with the growth of the city.

The congregation have built for Mr. Seabrease since he came to this city, a new parsonage, and he tells us he is well satisfied with his present charge.

A BRIDGE OF SIGHS.

The Findings Which Make the Position of Judge Powers Pretty Clear.

Judge Powers' findings in the bridge case looks as though it is virtually settled that the county commissioners alone will locate the new bridge and not the courts. The judge says:

The evidence shows that the old bridge for $650 can be put in safe condition and be made to last for ten years, but it does not, in my opinion, show that it can be made to serve all purposes for which the public use it. The evidence shows that this bridge is reasonably safe. But it is old, dilapidated, injured by fire and is badly decayed. It is only fifteen feet and two inches wide; it is a part of one of the most important highways in Allen county; most of the people of five townships who frequently come to Fort Wayne, some of them with heavy loads, pass over it. Many of the people of the city have to use this bridge. Almost every day a funeral procession passes over it. I believe your people need a wider and better bridge than the present Main street bridge, and that it can not be repaired so as to answer the needs of the people at present, and surely not for ten years to come.

The judge will pass upon some points of law, but will, no doubt, deny the injunction and differ with the jury.

Ball Games.

The games played Monday were as follows:

National league—New York 11, Cleveland 5; Washington 9, Indianapolis 6; Boston 9, Chicago 0, darkness; Philadelphia 10, Pittsburg 4.

American association—Columbus 9, Kansas City 6; Baltimore 8, Cincinnati 12; Athletic 7, Louisville 10.

Huntington *Herald*: "Miss Emma Scarles entertained very delightfully a company of young people, Saturday evening, among whom was Miss Jessie Nofreiter, of Fort Wayne.—Five of Fort Wayne's graceful wheelmen came to this city Saturday morning and spent the day looking over Huntington and getting acquainted with some of our people. The boys were Christ. Siebold, Ed Noble, Frank Heid, Will Heid and Hugh W. Hislop. They covered the distance in less than three hours."

Huntington *Democrat*: "T. O. Patterson, of Fort Wayne, was among his Lime City friends this morning.—Miss Anna Elliott, of Fort Wayne, is the guest Mrs. M. P. Emley. She will remain for two or three weeks.—Mr. and Mrs. A. Koenig and family and Mrs. Annie Schaefer went to Fort Wayne this morning to visit until to-morrow."

BURIED IN A MINE.

Eleven Men Killed in a Disaster in Colorado.

DENVER, Col., Sept. 10.—The following particulars of the White Ash mine disaster near Golden, Col., were brought here this morning from that place by special couriers. They say eleven men were killed in all. The victims were at work in a drift from the bottom of the shaft at a depth of 730 feet and were 800 feet from the shaft. The drift runs along side of an old shaft.

Yesterday morning there was some fifty feet of water in this shaft. The water finally burst through the shaft and flooded the drift in which the men were at work. There is not the slightest hope of rescuing any of the men alive and it will require weeks of hard work before even their bodies can be reached.

The work of pumping out the water was begun this morning. The widows and orphans of the victims are gathered around the mouth of the shaft alternately crying and praying for their loved ones and the scene is pitiful indeed.

A Good Appetite.

Is essential to good health; but a this season it is often lost, owing to the poverty or impurity of the blood, derangement of the digestive organs, and the weakening effect of the changing season. Hood's Sarsaparilla is a wonderful medicine for creating an appetite, toning the digestion, and giving strength to the whole system. Now is the time to take it. Be sure to get Hood's Sarsaparilla.

CAMDEN, N. J., Sept. 9.—Miss Anna LeConey, a niece of a prominent farmer, living near here was murdered this morning. The assassin secured considerable money which was in the house.

News About Town.

It is the current report about town that Kemp's Balsam for the Throat and and Lungs is making some remarkable cures with people who are troubled with Coughs, Sore Throat, Asthma, Bronchitis and Consumption. Any druggist will give you a trial bottle *free of cost*. It is guaranteed to relieve and cure. The large bottles are 50c and $1.

NORWALK, O., Sept. 9.—Charles Westorick, a dealer in general merchandise at Bismarck, this county, and treasurer of Sherman township, is reported short in his accounts to the extent of $1,859.

"A Word to the Wise is Sufficient."

Catarrh is not simply an inconvenience, unpleasant to the sufferer and disgusting to others—it is an advanced outpost of approaching disease of worse type. Do not neglect its warning; it brings deadly evils in its train. Before it is too late, use Dr. Sage's Catarrh Remedy. It reaches the seat of the ailment, and is the only thing that will. You may doss yourself with quack medicines 'till it is too late,' till the threatlet becomes a resistless torrent. It is the matured invention of a scientific physician. "A word to the wise is sufficient."

SEVENTH POINT

You should read THE CHICAGO DAILY NEWS because you can afford it. Price doesn't stand in the way. It's really the cheapest thing on earth. One cent means practically nothing—until you spend it. Then you may make it mean a great deal, according as you invest it. A thing is cheap if it costs little, and is worth much. THE DAILY NEWS is like a telegraph from the whole world to your brain. To keep it in constant working order costs you but one cent a day. That's why it's cheap—because it renders a great service for an insignificant price.

Remember—Its circulation is 220,000 a day—over a million a week—and it costs by mail 25 cts. a month, four months $1.00,—*one cent a day.*

LONG LIFE.

There is nothing in the world more generally desired than long life, yet the majority of people put off caring for their health—not because they are really careless, but because we live our lives at such a pace we have not time to give the subject sufficient thought until we receive a reminder in the shape of a severe illness.

Then, too, we are constantly bewildered by the various schools of medicine, and the physicians who represent them, and often blunder in our choice of a doctor.

If people only knew that the very best health-keeper, life-preserver and disease-preventer that has yet been discovered, is concentrated down into a concentrated and very palatable form in the shape of New Style Pleasant Taste Vinegar Bitters, they would not hesitate a moment to try it.

But they do not know. How can they know, when so many not only worthless, but positively injurious drugs are constantly flooding the market under various names and guises, that the New Style Vinegar Bitters is as bad as any of them?

They do not know, of course, unless they have the courage to try the New Style. It straightens out a tangled-up system in a very short while, and those who buy it once buy it always.

Why don't you try it, reader? It is sent out by a responsible house, and is exactly as represented. It costs but a dollar for a very large bottle. Try it once and you will never be so glad of anything in your life. Your druggist may not have it, but he will order it for you. Be sure it says New Style Pleasant Taste on carton and bottle before you take it. Try it, and you will feel happier than if you had found a gold mine, for it really is a mine—of health.

Free from alcohol and opium; composed of expensive herbs and roots, with fine, delicate flavoring.

RUNNERS OF THE RAIL.

Brief Sketch of the Railroad Career of Superintendent C. D. Law—The Days, News and Gossip.

THE SENTINEL with this issue commences a series of sketches of men prominent in the railroad and manufacturing business of the city, and hopes to continue it as time and space permits. To-day it introduces to our readers a "Man you know," a representative railroad man of the city and country,

MR. CHAS. D. LAW.

There are few men in western railroad circles better known than C. D. Law, the superintendent of the western division of the Pittsburg, Fort Wayne and Chicago railroad. He is a native of Pennsylvania, and was born in Philadelphia in 1844, where his early boyhood days were spent. From a brief sketch published in the *Railway Age's* biographies of the prominent railroad men of the country, we learn that after attending the public schools and graduating from the Polytechnic college at Carlisle, Pa., at the age of twenty-two, he entered the railway service. He began at the lower rounds of the profession and his career has been one of steady advancement ever since.

His position when he left college and entered his chosen calling was that of lineman and he gradually worked his way up until he became assistant engineer of the Duchess & Columbia railroad with which he was then connected. He remained with this company for five years and after serving for a year with another company, we find him from 1871 to 1872 the draughtsman and assistant engineer of the Rochester & State Line railroad and in April, 1873, the division engineer of the Pittsburg, Fort Wayne & Chicago railway. In February of 1880 he was appointed roadmaster of the western division and in November, 1881, was made the superintendent, a position he has since held.

Mr. Law came to Fort Wayne in 1873 as division engineer and has made his home in this city ever since. He is a man of marked business abilities and under the stimulus of his guiding hand, the interests of the company have advanced wonderfully.

He has charge of all the vast interests of the Pennsylvania Company from Crestline to Chicago, with its branches, and the shops in this city. The characteristics of his business methods are his push and energy. He is gentlemanly and courteous with the men under his employ and they have a high regard for him. While he is easy of approach, they know he can say "no" when occasion requires. Mr. Law is identified with the city's interests and advancement, and while he is wedded to the Pennsylvania, he is always ready to do what he can to help Fort Wayne along. We may well feel proud of such men as C. D. Law.

HIS CHIEF CLERK

Is Robert Learmouth, jr., who is a popular young man both in and out of railroad circles. Mr. Learmouth is about twenty-eight years of age. He was born at Alliance and lived there until he was sixteen years of age, when he came to this city and took a position as clerk to his father who was then roadmaster of the Pennsylvania company.

During his idle moments and in the evenings, he studied shorthand and when he mastered it he entered Mr. Law's service as stenographer, which position he occupied from July 9, 1882, until he succeeded C. R. Higgins as chief clerk a few months ago.

NEWS OF THE DAY.

The Bass works paid their employes to-day.

Charles Colerick, of the Pittsburg offices, is at New York City.

The car wheel department at the Bass works is rushed with work.

John Ryan, formerly brakeman on the Nickel Plate, has been promoted to the position of conductor.

The Pennsylvania Company last week did the heaviest business at Indianapolis in the history of the company.

The Pittsburg and Wabash roads sent a number of people to Western points to-day, both roads having excursion rates in force.

Andrew Weber, of the Pittsburg shops, is building a very handsome residence on Clinton street, opposite the bishop's residence.

Charles Doebler has again been transferred to this city, under Mr. F. D. Cassanave, of the Pennsylvania road, and, with Mrs. Doebler, will reside here.

The roads crossing Indiana come up with large earnings for August. The Louisville, New Albany & Chicago earned, gross, $232,257, an increase this year over the corresponding month in 1888 of $19,155, making the largest earnings in any month in the history of the road. The Ohio & Mississippi earned $402,794, an increase this year of $23,610; the Wabash, $1,314,207, an increase this year of $43,384; the Lake Erie & Western, $258,729, an increase this year of $25,558; the Chicago & Atlantic, $208,704, an increase this year of $17,405.

Thomas Comparet, of Freight Agent Philley's office, of the Lake Shore, has been promoted to a clerkship in the office of General Freight Agent S. A. Wikel.

Patrick B. Carroll, the night watchman at the Bass works, tells us that he believes he is the only Pat Carroll in the city and he wishes to say that he was not in police court yesterday morning on any charge whatever.

The stock of lines owned by the Pennsylvania Company is quoted the highest of any roads west of Pittsburg. The Pittsburg, Fort Wayne & Chicago sells at $158 per share and that of the Cleveland & Pittsburg at $149 per share.

The most valuable consignment of merchandise ever handled by any western road was secured by the Union Pacific at San Francisco last Saturday. The consignment consisted of forty carloads of sealskins, consigned to the care of the Union Pacific Railway company for transportation to England by the Alaska Fur company. The shipment is the product of the company's "catch" for last year, and the skins, thoroughly dried, were sent out in three special trains for rapid transportation. The time agreed upon in delivering the consignment at its destination is nineteen days from San Francisco.

Do you suffer from scrofula, salt rheum, or other humors? Take Hood's Sarsaparilla, the great blood purifier. 100 doses one dollar.

Eczema, or Pimples on the Face. Occurs mostly in young people about the age of puberty, and is an inflammation and filling up of the sebaceous glands of the skin. In almost all cases the blood is impure. Loose's Extract Red Clover Blossoms will cure them without fail.

France is to subject herself to a violent political spasm on September 22. Elections.

Interested People.

Advertising a patent medicine in the peculiar way in which the proprietor of Kemp's Balsam for Coughs and Colds does is indeed wonderful. He authorizes all druggists to give those who call for it a sample bottle *Free*, that they may try it before purchasing. The large bottles are 50c and $1.00. We certainly would advise a trial. It may save you from consumption.

Cincinnati and Return, $1.50.

Wednesday, Sept. 11, via the "Muncie Route." Tickets include admission to the spectacular production of "Montezuma," and are good returning for three days. Train leaves Fort Wayne at 10:40 a. m., arriving in Cincinnati at 6:30 p. m. Don't miss this last opportunity to visit the Queen City at low rates. 4 6t

BETTER REMEDY

Coughs, Croup, Scrofula, Ulcers, Varicose Veins, Bronchitis, and Consumption.

TAR-OID must not be confounded with the cheap remedies which are prepared on the theory that like cures like. They have their place in a want of vital action in the skin. TAR-OID restores that action, hence it cures every form of Skin Disease, also every Form of Blood Disease, also every Form of Female Complaint. Diseases are caused by Impure Blood, and nothing else but. TAR-OID is the most wonderful healing—great living results follow in every case. It is harmless and can be used with perfect safety by any one. It is superior to all other remedies. There is positively no failure in the TAR-OID treatment. It is a sure cure for piles. It never fails. We warrant a cure or refund the money. 25 gives immediate relief. It is perfectly safe, yet powerful in its action. Send for our "Good Samaritan" free.

THE BRIDGE CASE.

Mr. S. R. Alden Gives His Opinion Concerning the Matter.

Mr. S. R. Alden, as attorney for the board of commissioners, to-day submitted his opinions on the bridge matter. He said the commissioners have the right to go ahead and locate the bridge. He renders his opinion after careful examination of data and technicalities. He gives an exhaustive report of the status of the case which plainly looks as though the bridge is going to be located on Columbia street. He also suggests the maintenance of the Main street structure in event the Columbia street site is chosen.

The commissioners will in all probability bring up the question to-morrow and virtually settle the location of the bridge that has caused so much trouble and litigation.

NIGHT AT HOME.

COUNTERFEITERS CORNERED.

Deputy U. S. Marshal Blair Unearths a Kit of Tools for Making the Queer.

A few days ago Deputy U. S. Marshal T. W. Blair effected the arrest of Daniel Rhynard, of Jackson township, on the charge of passing spurious coin.

Rhynard was made a prisoner and lodged in the Allen county jail to await a hearing.

Marshal Blair returned there yesterday and made a thorough search of the premises. He was rewarded by the discovery of a kit of counterfeiter's tools, including the dies, besides a number of partially finished counterfeit dollars.

Mrs. Rhynard was placed under surveillience to permit the preferment of a charge against her for being an accomplice to her husband's illegitimate business. The woman was brought to the city to-day for examination and Marshal Blair returned there to continue his investigation.

Deputy Marshal Blair is a hustler.
